

## Harvard Puzzle "Museum"

**Instructions:** Guess the words defined by the cryptic clues (answers vary in length from four to eleven letters, eight are capitalized, and one consists of a two-word phrase one of which is abbreviated) then enter them in the grid one after another in the same order as their clues, starting in the upper left corner. Across words that don't end at the right continue on the next row, and down words that don't end at the bottom continue in the next column. Thanks to Kevin Wald '93 for test-solving and editing this puzzle.

### Across

1. *Museum*
2. Pemmican one has consumed in a short time
